Attunement Procedures for Level I

4) Move around student from the left side and place yourself in front of the student. Touch them on the hands so they raise their hands to the position in front of the third eye. Their hands in the prayer position. hold your hands toward the student, palms facing the student as to cover the top of their torso. Project over their hands the sequence:

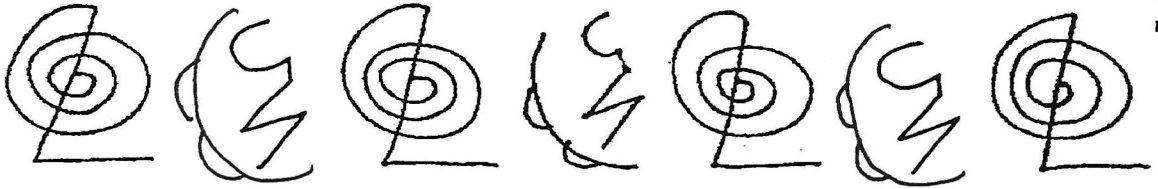

5) Taking their hands in yours, project the sequence:

6) Raise their hands above their head. (Their hands are in the prayer position, palms together) Blow a light breath at each chakra while moving their hands down each chakra. when you have blown into the root chakra, replace their hands on their thighs palms up.

7) Move to the students left side. Place left palm in front of the student's forehead and right palm in back of their head. Project the sequence:

Sei Chem Reiki

Attunement Procedures for Level I

8) Move from the left side of student to the front. Sweep the aura from the head, around the shoulders toward the floor (pay attention to hot spots). At each sweep, clear the hand behind you. Check areas as necessary and repeat until clear.

9) Move to left side and sweep the aura. This time bring your hands from in front of student's eyes over the head and down the back toward the floor. Clear hands after each sweep. Repeat as necessary.

Move to front of student and bring white light up from floor and spread light over and around student. Ring bell to seal in energy to the aura and body.

In This Entire Process Be Flexible and Do What Seems Necessary

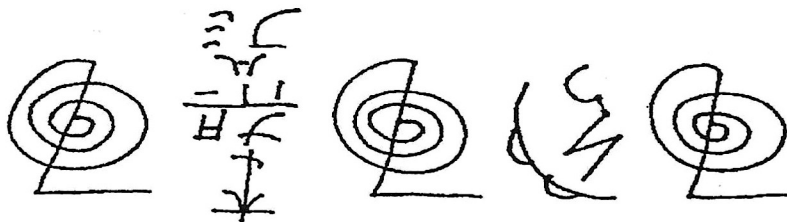

Level I is also referred to as the SELF HEALING DEGREE

Sei Chem Reiki
